## Principal's Message:

Happy January!

The first two weeks of January have flown by. Balmoral School has had students learning in class and remotely. The grade 7/8 students have been doing remote learning from January 4-15 and about 10% of K-6 students learning remotely. Balmoral School is excited to have all K-8 students back at school on January 18th.

The playground has lots of snow which has brought the opportunity for snowshoeing, skiing, forts, sledding and many winter activities. Balmoral School has appreciated the PAC support in purchasing some outdoor equipment as most of our Phys. Ed. Classes are taking place outdoors.

Balmoral School looks forward to our continued health and to learning opportunities in 2021.

Thanks,

Mark Lawson

## GRADE 7 & 8 Remote Learning – Jan 4<sup>th</sup> to Jan 15<sup>th</sup>

For the past two weeks, the grade 7 & 8 class has been working remotely from home using a variety of different online tools. We used Microsoft Teams to meet, work on and hand in assignments and host virtual lessons. Students participated in interactive activities using Google Slides, and responded using videos with Flip grid.

Students have worked extremely hard and were very dedicated to their learning during this time. Great job to all Grade 7 & 8 students.

Mr. McLean
