May 24, 2021

Dear Parents/Guardians,

This letter is to inform the Balmoral School community about some upcoming school construction starting on Tuesday May 25<sup>th</sup>, 2021. This construction will be occurring as Balmoral School recently had unexpected water in the school. This water was caused by a burst pipe. Balmoral School and Interlake School Division have been taking the necessary steps to clean up the mess and alleviate any safety concerns due to water damage.

The school has been inspected and contractors have been hired. We have engaged school, ISD and external personnel in the development of a work plan.

Students and families may see workers and equipment at the school. We hope with warning about this, that folks are not alarmed. Also, please know that we are taking steps to eliminate the contact between workers and students.

I would like to ensure the school community that we have the proper experts doing the required work and that we are acting as needed to reduce any risks. There will be weekly air quality testing and monitoring of all spaces to ensure safety.

If you have questions, please let me know.

Sincerely,

A handwritten signature in black ink that reads "Mark Lawson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Mark Lawson

School Principal  
Balmoral Elementary School
